

Full commercial Haix range available.

## Haix BGS

**Upper Material:** Waterproof leather, hydrophobic, breathable, 2.0 – 2.2 mm thick

**GORE-TEX® HPR-System** 4-layer GORE-TEX® laminate, waterproof and breathable. Highly abrasion-resistant lining with intermediate fleece layer. Optimal climate comfort for all seasons under high stresses. Increased chemical protection.

**Insole:** TEXON (fleece) insole absorbs sweat and supports ankle

**Footbed:** Insole, anatomically formed, exchangeable, washable, very good moisture absorption, dries quickly

**Sole:** Rubber/PU sole with a street/terrain tread, wear resistant and non-slip traction. Optimal step and bend behaviour due to sporty toe and heel rounding. This rubber shell sole features the MSL (micro-soft-light) system that is the result of an additional production process to achieve extremely low weight, excellent cold/heat insulation and non-marking characteristics. The manually-applied rubber sidewall gives this sole optimal side stability. Compliant with EN ISO 20347:2004

**HAIX®-Climate-System:** Climate System with Micro-Dry lining at top of leg

**HAIX®-MSL System:** MicroSoftLight: Improved damping, extremely low weight due to the PU foam across the entire sole area, good cold/heat insulation

**Others:** Integrated heel bend, lacing system with eyelets permitting smooth movement, clamps and self-closed hooks

### CE EN ISO 20347:2004 O2 HRO HI CI WR FO

Leather thickness 2,0 – 2,2 mm, waterproof and breathable with GORE-TEX® HPR-System, HAIX®-Climate-System, HAIX®-MSL-System, Leg height 16,5 cm, antistatic

**Available sizes men UK 5 – 12, Available sizes women UK 3 ½ – 9**

**Extra large sizes UK 12 ½ – 15**
